

Road Map for 2018

Paul LUU, Executive Secretary

Orientations & activities

In line with the actions carried out in 2017, it is proposed the following activities during the year 2018:

- Continuation of the **work of the Scientific and Technical Committee**
- Continued work on the **collaborative platform** and its operation
- Specific **work to be done with public and private funders**
- Establishment of a **regional level** within the Initiative
- Continuation of the **every work of the Exc. Sec.**

RM 1

Continuation of STC work (1)

Research orientations:

- Make a **precise inventory of research actions currently conducted** on carbon sequestration in soils
- have a **global vision of "who does what and where"**, to establish Thematic and geographical mapping of these partnerships
- On the basis of these elements, **develop the proposal for the research orientations**

RM 2

Continuation of STC work (2)

Set of indicators for projects evaluation:

- Implementation of a **multi-stakeholder working group** to test the STC proposals
- Development of the **guide of procedures**
- **Specifications** for development of **Ex-Act type tool**

Other works:

- Production of **synthesis documents on the scientific aspects** of the "4 per 1000" Initiative
- Documents concerning implementation or elaboration of **good practices**
- **drafting of a book** on the "4 for 1000" Initiative

RM 3

Collaborative platform

Official launch on 16th November, 2017, and active **test phase** involving representatives of Forum's colleges.

During the **first year** of operation, this platform should develop along the following lines :

- **Identification of all partners** in the Initiative
- **Maps with geographic location** of members and partners
- Establishment of a place for **collecting information on practices**
- Development of **work within college.**

Work with public & private funders

Initiative not intended to manage funding or funds for the development of practices, projects or policies.

But, widest possible mobilization of public and private funds to support the actions implemented by the project

- **Inventory of existing funds** consistent with the objectives of the Initiative
- Development of a **donor awareness campaign**
- Work on taking into account the **Carbon Markets Initiative**
- Seeking **funding for the Executive Secretariat** of the Initiative

RM 5

Establishment of a regional level

Using the partners & members influence in the region to

- Promote the Initiative
- Organize meetings at regional level.

Contribution to international debates on CSS

Other initiatives include promotion of CSS. To avoid duplication and create synergies with cross-exchanges

- Participation in meetings, symposia and other conferences
- Open the meetings of the Initiative Forum to other actors and discuss that matter

RM 6
